

TOWN OF GORHAM  
CONSERVATION BOARD  
MINUTES  
November 3, 2008

The Town of Gorham Conservation Board met on Monday, November 3, 2008 at 7:00 PM at the Gorham Town Hall. Present were, Gene Hermenet, Bob Brancato, John Foust, John Frank, Steve Horrocks, Andrew Hoover, Fred Lightfoote, Tom Harvey.

The minutes of the October 7, 2008 meeting were approved.

Tom Harvey, Chairman of the Town of Gorham Planning Board was introduced. Tom clarified the roles of the various Boards of the Town. The Planning Board deals with site plans and special use permits as well as subdivisions. He explained the process involved with zoning issues and gave examples within the Town to better explain these. Discussed how the Planning Board and Conservation Board can work together. Mr. Harvey thinks that the Conservation board can provide "big picture" advice to Planning Board, in regards to how various projects impact the Town. It would be a good idea for the Conservation Board to receive Planning Board info to ascertain whether or not input is needed, for instance, ridgeline or hilltop, agricultural, etc. Mr. Harvey identified tools that are available through the County.

The meeting was adjourned at 9:00 PM

Minutes were taken by Fred Lightfoote.
